NATURAL BRIDGE HIGH SCHOOL
Natural Bridge, Virginia

Through the veins of time there has flown an ever-ready, steady stream, of knowledge originating with our learned classic Greeks. This knowledge, no matter in what crude form, has been the firm corner stone upon which our modern democratic principles rest.

Learning is a creative art highly priced and eagerly sought after. And so this basic, traditional learning is carried on at N.B.H.S. in such a manner as the Greeks prescribed, a prescription including fairness and democracy.

As another school session nears its completion, may we students look back upon this year with a rewarding feeling of having strived for and maybe obtained goals valuable to our growth. Goals which have proven themselves many times since the Greeks first struggled to set a unique standard of education for their posterity to inherit.

We, the students of Natural Bridge High School wish to recognize the honest efforts and the outstanding leadership of a teacher who has given of his time and ability to boost the morale not only of his athletic squads, but also of the entire student body. His never ceasing enthusiasm and genuine interest towards fairness and good sportsmanship in all phases of school life has helped to clear the way for a new era at N.B.H.S., an era of unity as well as school spirit.

To you, Mr. Coleman, a true friend of the students, we dedicate the XXV volume of the SPAN.

GAME OF THE YEAR!

On October 24, 1963 the Leeman of Staunton traveled to the home of the Rockets confident with the certainty of victory. The team these Leemen met on the gridiron was unlike any other they were to meet or the capicity crowd was to see. The under-dog Rockets upset the chosen Leemen and ended their 21 game winning streak with a 19-13 score in a hard fought battle. The mighty Rockets' mixture of confidence, excellent coaching, good plays, and enthusiastic support of the student body determined the out come of this "pro" game.
